Choose from the drop-down arrows to select what type of grades and which term you wish to view.

You can also get more detail by clicking on the assignments tab to see more details.

Feel free to explore each tab; however, you will not be able to see the discipline tab at this time.

Important Information

To get started you will need to have access to the internet. It is recommended that you have the latest version of Internet Explorer or Safari; functionality & security <u>may</u> be compromised with other browsers. Adobe Reader is also necessary as some reports may require it. A free download is available at *http://get.adobe.com/reader/.*

You will only need to apply for a parent portal account once. Younger siblings will appear on your account once they are of school age. Your user information will also carry over from year to year as long as you don't move out of the district. If you forget your password, simply type in your email address and press "login". Follow the prompts for "Forgot…" and your password will be sent to your email.

If your email address changes, please contact Dorothy Kramer at 543-2920. Please allow 24-48 hours for this change to become effective.

Demographic and attendance information is updated in real time. If you notice any errors, please contact the guidance office. Scheduling information becomes available on the date the change is scheduled to occur. For assignment information, you may want to contact your child's individual teachers to ask how often they update assignment information. Teachers can be contacted directly through the parent portal by viewing the child's schedule and clicking on the email icon next to the teacher's name.
