

AT A GLANCE

Project Cost: \$9,136,280

Tax Levy Increase: \$146,742

Tax Impact for Voters: Residents with a home valued at \$100,000 would see an estimated \$47 tax increase, starting in the 2027-28 school year.

VOTING DETAILS

- ✓ **WHEN:** Tuesday, Feb. 3, 2026.
Polls will be open from 1-8 p.m.
- ✓ **WHERE:** HCS Library, 14371 Pirate Lane, Harrisville, NY
- ✓ **WHO:** District residents who are 18 and older and U.S. citizens
- ✓ **HOW:** Cast your vote in person or request an absentee ballot

VOTING BY ABSENTEE BALLOT

If you are a district resident but will not be in the district on the day of the vote or are otherwise unable to vote in person, you may apply for an absentee ballot. To do so, contact District Clerk Mrs. Jolie Snider at (315) 543-2707, ext. 7 or email jsnider@hcsk12.org. The district office is open Monday-Friday from 8 a.m. - 4 p.m.

If you request an absentee ballot via mail, the application must be submitted at least seven days before the vote, which is Tuesday, Jan. 27, 2026. If you plan to pick up your absentee ballot in person, applications will be accepted until the day before the vote, which is Monday, Feb. 2, 2026.

Absentee ballots must be returned to the District Clerk no later than 5 p.m. on the day of the vote.

CAPITAL IMPROVEMENT PROJECT VOTE

TUESDAY, FEB. 3, 2026

Proposed capital project would replace aging infrastructure, refresh student spaces

Harrisville Central School District voters will decide on a proposed \$9,136,280 capital improvement project that would update original piping and plumbing systems, reconstruct the bus loop and elementary drop-off area, and update student spaces.

www.hcsk12.org

Project Details

On Tuesday, Feb. 3, 2026, Harrisville Central School District voters will decide on a proposed \$9,136,280 capital improvement project.

Included in the proposed project would be necessary upgrades to sanitary and storm lines, water supply systems, and plumbing fixtures, all of which haven't been modernized since they were originally placed in 1957. The project would also reconstruct the elementary drop-off loop, which is no longer adequate for the amount of student drop-offs the district accommodates, replace sidewalks, and provide some maintenance to the front bus loop.

If approved, the project would include remodeled middle school wing bathrooms and updates to elementary classrooms, including new sinks and drinking fountains. Students and the community will benefit from auditorium upgrades, including improved lighting and sound, new stage curtains, and a renovated sound booth.

"These necessary building upgrades would help support our commitment to maintain a safe and welcoming learning environment for our students," said Superintendent Rob Finster. "By upgrading our buildings, grounds, and learning spaces, we're investing directly in our students' futures."

"By upgrading our buildings, grounds, and learning spaces, we're investing directly in our students' futures."

*Rob Finster,
Superintendent*

Project Highlights

Outdoor Updates

- ✓ Paving and other updates to front bus loop, including new sidewalks
- ✓ Reconstruction of elementary drop-off loop, including lighting replacement
- ✓ Updates to bus garage, including repaving the front driveway

Classroom and Safety Improvements

- ✓ Auditorium updates, including new stage curtains, lighting and sound upgrades, addition of some wider seats
- ✓ Convert middle school bathrooms to single-use spaces
- ✓ New classroom walls in middle school and elementary wings
- ✓ New sinks and drinking fountains in elementary wing
- ✓ Updates to locker room toilets and showers
- ✓ Replacement of fire alarm and public address systems

Necessary Infrastructure Upgrades

- ✓ Replacement of original water supply system piping and plumbing fixtures, and original sanitary and storm lines in middle school wing, all of which were placed in 1957
- ✓ New emergency generator
- ✓ Updates to HVAC system through air handling unit
- ✓ Replacement of hot water pumps, last updated in 1999
