Safety Meeting January 12, 2026

Mr. Snider reported that we received new radios and are looking to purchase a repeater for the roof to reduce static. The repeater will help the radios reach up to eight miles from the school. We are looking to purchase five more radios for Ronda Theriault, Christine Bristol and for the elementary staff to bring outside.

Sergeant Schmitt discussed the active shooter drill date has not been finalized. We are looking at completing it over February break or the Staff Development day scheduled for March 13, 2026. Other SSO/SRO's in the county will be attending. If it takes place on March 13th, there will be a meeting with staff to go over protocols ahead of time.

Mr. Finster stated the remaining drill are:

- (1) Lockdown
- (1) Hold in Place; and
- (4) Fire Drills

It was discussed, if we have an unexpected fire alarm there is time to be sure the students are properly dressed. All of the school walls are protected which allows time; unless you see smoke or flames please allow children to get dressed properly for the weather.

Respectfully submitted,

Amy Frost, Business Office Manager
